**TO:** Members of the Orangeline Development Authority  
**FROM:** Michael R. Kodama, Executive Director  
**DATE:** February 8, 2012  
**SUBJECT:** **Update and/or Action Regarding the Antelope Valley Line Study**

OLDA is working with the Burbank-Glendale-Pasadena Airport Authority ("Airport Authority") on a multimodal ground access study for the Airport. These efforts seem to have served as a catalyst for improvements in the OLDA Northern Corridor.

One of the current projects important to OLDA is the \$1 million Antelope Valley Line Infrastructure Improvement Strategic Plan (AVL Study). The Antelope Valley Line runs for 77 miles between Lancaster and Los Angeles Union Station. Much of the route operates at less than 40 miles per hour due to long stretches of curved and single track restrictions. There are also long stretches of unsecured right-of-way and many grade crossings.

The Los Angeles County Metropolitan Transportation Authority and its consultants are moving quickly to complete the study in the next few months. OLDA staff will provide an update on this project and its impact and potential benefits to OLDA.
